

CAN'T CONTRADICT THIS

No Matter What Skeptics Say We Have Proved That Mi-o-na Will Cure Dyspepsia.

"I gratefully acknowledge what Mi-o-na has done for me. I have taken two boxes and can say I have been cured of stomach trouble which no one on earth had after me. I have increased in weight. My weight is 125 pounds, the most I have weighed in fourteen years. I think that everyone who is troubled with their stomach should try this wonderful medicine. Yours, very truly, Mrs. Emma Schultz, Akron, O."

There are any number of thin and scrawny people in this world who are in that condition simply because the stomach is out of order and does not extract the nutritious matter from the food to supply flesh to the bones. If these people would take Mi-o-na tablets with or after meals for a month they would take on good solid flesh just the same as Mrs. Schultz did.

Mi-o-na tablets are known the country over as the surest cure for indigestion, belching of gas, sour stomach, coated tongue, sick headache, heartburn and catarrh of the stomach. Leading druggists everywhere sell Mi-o-na. The Lee & Osgood Co. sell them in Norwich for 50 cents and guarantee them to cure or money back.

HYOMEI

(ANNOUNCED HIGH-O-ME)

ELECTION OF NORWICH ASSESSORS

Bill Passes Covering Local Trouble—Action Also Taken in Regard to the 200 Foot Eill Regarding Saloons

(Special to The Bulletin.)

Hartford, July 15.—There was favorably reported in the house this morning the bill affecting the election of assessors in Norwich, which has been hanging fire in the committee on cities and boroughs for a long time, and the reporting of which marks the completion of the session's work of that committee. The measure as reported provides that the assessor of the town of Norwich elected in 1907 shall hold office until the annual town meeting in 1911, and that next October at the annual town meeting there shall be elected another assessor whose term shall be for four years, and that in 1911 there shall be elected two assessors whose terms shall be for four years.

This brings about biennial election of assessors and causes the election of one at one election and two at the next, so as to preserve the board of three. It will be seen that if the town of Norwich is able to strengthen the tendency to go republican which has been manifested of late, and elect two republican assessors in 1911, it will be likely that the republican party will have a majority of the board for some time to come, no matter what happens next fall. There is not believed to be any difficulty in the way of the ready passage of the matter through the two houses.

Bill Regarding Saloons.

There was passed today in the sen-

ate a bill which has already passed the house, and is supposed to straighten out the difficulties of the Water street liquor dealers in Norwich, in case the city should ever go no-license and then revert to license, as it is believed by them it would if the citizens were ever to attain sufficient prohibition ideas to vote against license. This is the substitute for the various 200-foot bills which were before the committee on excise, and is entitled "An act concerning granting of licenses in established places."

It provides that whenever a town goes no-license and then goes back to the reverse, any place which has been licensed previously may be again licensed by the county commissioners, whether it is within 200 feet of a church or not. In Norwich the Water street places are much less than that from the property of the Trinity Methodist church.

As a matter of fact, it is doubtful if the bill as at present drawn means anything at all, and Secretary Spooner of the Connecticut Temperance Union, who lobbies in the interest of temperance measures, prepared an amendment putting it into proper shape, but the senate wouldn't pass it. The point is that it is not the place that are licensed, but the men who run them. It is expected that the bill will come back from the engrossing clerk changed so that it will mean something, otherwise the Norwich liquor men and others interested may find that they have had their trouble for nothing.

REAL ESTATE DEALS DURING FOUR WEEKS.

Estate of Clara C. Page to Rose A. McLaughlin, land and buildings on North Main street and Central avenue.

William F. Hill to Charles F. Thayer, land and buildings on North Main street.

WEDDING.

Haviland-Whiting.

An unusually pretty wedding took place at noon Thursday at the home of Mr. and Mrs. Charles Atherton Clark in Newton, Mass., when their niece, Miss Edith Helen Whiting, and Daniel S. Haviland of this city were united in marriage.

The ceremony took place before a bank of palms and ferns, and was performed by Rev. Dr. McClure, rector of Grace Episcopal church, Newton, in the presence of relatives and a few intimate friends.

The groom was accompanied by his best man, Louis U. Dolbear of East Orange, N. J. The bride came in a carriage, accompanied by her uncle, by whom she was given away. Her gown was a robe of point applique over white satin and her veil was arranged with white forget-me-nots. She carried a shower bouquet of white sweet peas and maidenhair fern and wore the gift of the groom, a ruby ring of unique setting.

After the ceremony a wedding breakfast was served. The menu consisted of lobster and chicken salads, rolls, olives, iced coffee, fancy ices, cakes, bonbons and salted nuts. The house was prettily decorated in pink and white, the color scheme being carried out by the use of pink carnations and babies' breath in the parlors and pink and white sweet peas with maidenhair fern in the dining room.

The newly married couple left on the 2:30 train for Boston amid a shower of colored streamers and confetti. Those present from out of town included Mr. and Mrs. J. D. Haviland, Miss Ione DeLong Haviland, Miss Jessica Haviland and Theodore J. Haviland of this city, Mr. and Mrs. Robert Monahan and Master DeLong Monahan of Pawtucket, R. I., Miss Whiting of Cambridge, Barrett Phillips of Boston, Miss Foye of Concord, Mass., Miss Grace S. Benjamin and Miss Lillian Havens of this city.

The bride received many beautiful gifts. After October 1, Mr. and Mrs. Haviland will be at home to their friends at 43 Greene avenue, Norwich.

Automatic Regulator.

Some Chicago genius suggests an automatic whistle on automobiles which will sound the moment the lawful speed limit is exceeded. In this region that would mean a continuous performance.—N. Y. Tribune.

Good as Revised Tariff.

With radium at \$150,000 the quarter- and Holbein pictures at \$375,000 apiece, Britain faces a crisis in the cost of living.—N. Y. Press.

Sane Not to Try It.

Walter Wellman seems sane enough in all other matters except this one of ballooning to the pole.—St. Louis Globe-Democrat.

FLY ORDINANCE RECOMMENDED FOR CITIES.

Prevention for Carrying of Disease Germs—Deaths Here During June.

According to the monthly bulletin of the state board of health, by mortality reports received from the various cities during the month of June, this was 122 less than in May and 65 more than in June of last year, and three more than the average number of deaths during June for the five years preceding.

The death rate was 14.2 for the large towns, for the small towns 12.8, and for the whole state 13.9. The deaths reported from infectious diseases were 162, being 13.3 per cent. of the total mortality.

There were in Norwich 24 deaths, representing a death rate of 14.2. The most common causes of the following causes: Diseases of nervous system, seven; heart disease, accidents or violence, three each; diphtheria, diarrhoea, erysipelas and pneumonia, one each. There were 12 deaths in public institutions here.

There were 14 deaths in New London, 8 in Groton, 10 in Killingly, 8 in Plainfield, 12 in Putnam, 10 in Stonington and 12 in Windham.

There were very few cases of infectious diseases, there being only two cases of scarlet fever here. The enactment of anti-fly ordinances by the cities of Connecticut, which are not protected from the fly pest, is advocated by Dr. Joseph H. Townsend, secretary of the state board of health. Attention is called to the anti-fly crusade made in other states, and the report says: "As the same conditions prevail in this state it would be a good thing for our Connecticut cities which have not already done so to enact an ordinance similar to that proposed in Indiana."

The proposed ordinance makes it unlawful for any person, firm or corporation to suffer or permit or have upon their premises, whether owned or leased by them, any of the following fly-producing, disease-causing conditions: Animal manure in any quantity which is not securely protected from flies; privies, vaults, cess pools or like places, which are not securely protected from flies; garbage in any quantity which is not securely protected from flies; trash, litter, rags or anything whatsoever in which flies may breed or multiply.

CORNERSTONE.

That of St. Thomas' Church, Bethel, to Be Laid July 24.

At a meeting of the vestry of St. Thomas' church, Bethel, it was decided that the cornerstone of the new church which is being built on Center street, should be laid with appropriate ceremonies Saturday, July 24, the services to take place at 2:30 in the afternoon.

Rev. Storrs O. Seymour, D.D., president of the standing committee of the diocese of Connecticut, will in the absence of Rt. Rev. Bishop Chauncey B. Brewster, perform the ceremony of laying the stone. Dr. Seymour is a former rector of St. Thomas' church, and it seems particularly appropriate that he should have so important a part in the service. He will also make the address.

Another of the speakers will be Rev. George W. Davenport, rector of St. James' church, Danbury, representing the "mother church" for St. Thomas' parish formerly belonged to St. James' parish.

At the Museum.

"On this platform, ladies and gents," said the lecturer, "you see Sig. Pankey, the legless wonder, or human stump, who was reduced to the condition in which you behold him by a shark in the Indian ocean 14 years ago. Sig. Pankey, as you see, has no legs whatever, and his principal and only occupation nowadays, ladies and gents, is eating his head off. Proceeding to the next platform, I call your attention to the Egyptian mummy, supposed to be that of Rameses the Great."

There Are Others.

"Blags is afraid that he may be prosecuted for polygamy."

"Why, he is married to only one person, ain't he?"

"That is what he thought for a while, but now it appears that he married her whole family, and there are seven of them."

Virtue of Silence.

"In most cases," said Uncle Eben, "de man dat knows enough to think befo' he speaks is liable to jes' go on thinkin'."

Solving the Milk Problem.

"We're thinking of keeping a cow," said Mrs. Lapeling. "A neighbor of ours has a big vacant lot where we can pasture her."

But Every One Makes Them.

Cheerful Ass (inspecting photographs in room of casual acquaintance)—That's a good looking girl. Not your sister, is she?—Yale Record.

Unequal Division.

It is computed that all the land in England is owned by less than 8,000 people.

COMMUTERS' TICKETS.

New Haven Railroad Company to Issue Coupon Books Instead of Card Form.

It is said to be the intention of the New York, New Haven & Hartford railroad to make a change in the form of its regular commutation tickets. It is planned to confine the issue of commutation tickets sold at the scaled rates to the coupon form. Each coupon book will contain sixty coupons, allowing one round trip each day, and will be good for one month from date of issue, and will be good for Sunday transportation as well as on week days.

They will be sold at the same rates heretofore applying for card form. The card form of ticket, which is not good for Sunday transportation and only for the calendar month, is to be discontinued.—Bridgeport Standard.

Nearly all of the 15,000 inhabitants of Merchenkirchen, Saxony, are engaged in violin making.
